PROFILE

Final-year BCom Computer Science and Information Systems student with practical experience in developing, designing and testing applications and websites using Java, C#, MySQL and web technologies. Contributed to the development of GetYourRide from start to finish, gaining hands-on experience in software development and problem-solving. A creative, hardworking and organised individual with freelance graphic design experience, a passion for solving technical challenges and a strong willingness to learn, collaborate and grow as a software developer.

EDUCATION

2022 – 2026 | Nelson Mandela University

Bcom (Computer Science & Information System) – Major (Computer Science & Business Management)

Completed (2021) | Shayamoya High School

NSC(Matric) – Mathematic, Physical science, Life Science, Geography, Tourism

ACADEMIC PROJECT

GetYourRide – Student Transport System | University Group Project

Developed as part of a team to create a student transport solution connecting students with verified drivers and shuttle services. Contributed to Android app development, backend integration, database connectivity, and transport booking features using Android Studio, Kotlin, Spring Boot, and MySQL.
